Additional support for these events provided by:

American Cancer Society, American Lung Association of Washington, and

Teen Futures Media Network, College of Education, University of Washington

**Regional Youth Events  
For Tobacco Prevention  
and Control**

## How It Works:

If you are between the ages of 14–19, the **2002 Outrage Regional Youth Event** is the opportunity of a lifetime! For 2 days, youth will gather to **TALK** and **DO SOMETHING** about tobacco. Join us for interactive workshops, entertainment, food and **FUN** to:

- Get together and talk about how tobacco affects us and what we can do about it.
- Learn skills and techniques to develop projects that address tobacco prevention and control.
- Pass it on! Take home skills and tools you'll need to make change happen in your community.

This event is funded by the Washington State Department of Health, Tobacco Prevention and Control Program, and the American Legacy Foundation and coordinated by the Center for Health Training.

## The Events

Each event has been planned by local planning groups that include youth and adults. All sessions will be led by a team of youth and an adult advisor. But, since we work hard, we play hard! So you'll have time to get to know other youth who are interested in tobacco prevention and control, enjoy the beautiful event sites, dance, and participate in drama and music activities.

## Cost

There is no cost to participate in the event. It's **FREE!** Transportation to and from the event will be organized and provided by local group leaders (see back panel). Lodging and meals will be provided.

To register, please mail in the attached form or contact Wendy Lewis at the Center for Health Training, (206) 447-9538 or via e-mail at [wlewis@jba-cht.com](mailto:wlewis@jba-cht.com).

# Don't miss out!

**Interested in Attending?** Please fill out this form, detach it and mail it back to Wendy Lewis, Center for Health Training, 1809 7th Avenue, Suite 400, Seattle, WA 98101-1341.
